(Please read carefully before completing the Job Description Form.)

Instructions for completing the Job Description Form

The Job Description Form is used to obtain information about your duties to determine whether your job is properly classified. Please complete the form in your own words and be clear, accurate, and complete. If a question does not apply to your type of work, write N/A. Avoid general terms, abbreviations, or vague expressions or conclusions about the difficulty of your work. For additional space, attach extra pages identified with your name and the name of your department. When your description is completed, give it to your supervisor. Your supervisor should review your form for completeness and accuracy and to clarify or give additional information about your duties and responsibilities. Your supervisor may attach additional pages to make statements he/she thinks are necessary before signing your form. You may keep a copy.

Instructions for Supervisor

Please review this form for completeness and accuracy. On page 10, you are asked whether you believe that the statements made constitute a true description of the duties and responsibilities of the job. If you have checked "A," your certification means you believe that the statements made constitute a true description of the duties and responsibilities of the job. If the description does not agree with your knowledge of the job, Box "B" should be checked, and you should provide more information on the job in Item 30. Under no circumstances, however, are the employee's statements to be changed.

When you have finished your review, please forward the form to your personnel office.
