

On-Farm Livestock Sales/Slaughter of Cattle Flowchart

This flowchart is intended to guide Meat, Poultry and Egg Safety Branch (MPES) Registered Livestock Producers, their customers (new owner(s)), MPES Licensed Mobile Slaughter Operators (MSOs), and MPES Registered Custom Exempt (CE) Processors who are desirous of utilizing the slaughter exemptions pursuant to Food and Agricultural Code (FAC) Section 19020 Exemption where Assembly Bill 888 was chaptered.

Step 1: Customers (new owner(s)) purchases live animal(s) from a Meat, Poultry and Egg Safety Branch (**MPES**) registered Livestock Producer.

Step 2: A MPES Registered Livestock Producer sells and records livestock sold to customers (new owner(s))— Change of ownership.

Additional requirements listed below must be met:

- a. Collects payment for the live animal(s).
- b. Retain and maintain records of the sale and change of ownership.
- c. Schedules an inspection with the Bureau of Livestock Identification pursuant to Food and Agricultural Code Section 21051.
- d. Schedules slaughter service to be conducted by a MPES licensed Mobile Slaughter Operator (MSO).

Step 3: The licensed MSO provides slaughter as a service and transportation of the carcass as requested by the customers (new owner(s)) to a MPES registered Custom Exempt (CE) Processor.

Additional requirements listed below must be met:

- a. Retain and maintain records as required.
- b. Properly identify the carcass with the issued MSO establishment number and NOT FOR SALE.
- c. The marked carcass(es) is transported for the owner(s) by the MSO to an establishment for further processing.
 - i. If customers (new owner(s)) take possession of their carcass(es) directly after slaughter, Steps 4 and 5 do not apply.

Step 4: CE Processor processes custom carcass as directed by the customers (new owner(s)), and properly identifies the carcass and any resulting meat cuts with the customers (new owner(s)), name and the word NOT FOR SALE.

Step 5: The customers (new owner(s)) take possession of their CE meat products from CE Processor.

- a. The customers (new owner(s)) may pick up the product at the CE processor or request CE products to be delivered.
