- (a) Nature of “Registration” and/or “Certification.” The terms “registration” and/or “certification” as used in the Programs mean that Department employees or agents have visually inspected growing grounds and crops thereon as described in this article. The terms do not mean that the Department has inspected or is responsible for nuclear or parent stock, or that the Department has control over the labeling of the stock by Program participants. Registration and/or certification does not guarantee or warrant that the articles to which foundation, registration or certification tags are attached, or which are otherwise represented as foundation, registered, or certified are merchantable or fit for a particular purpose.

No grower, nursery, dealer, government official or other person is authorized to give any express or implied warranty or accept any financial responsibility on behalf of the Department regarding these Programs, except as provided in this section.
