The Bureau of Indian Affairs and the Bureau of Indian Education may carry out the operation of Indian programs by direct expenditure, contracts, cooperative agreements, compacts, and grants, either directly or in cooperation with States and other organizations.

Notwithstanding Public Law 87-279 (25 U.S.C. 15), the Bureau of Indian Affairs may contract for services in support of the management, operation, and maintenance of the Power Division of the San Carlos Irrigation Project.

Notwithstanding any other provision of law, no funds available to the Bureau of Indian Affairs or the Bureau of Indian Education for central office oversight and Executive Direction and Administrative Services (except Executive Direction and Administrative Services funding for Tribal Priority Allocations, regional offices, and facilities operations and maintenance) shall be available for contracts, grants, compacts, or cooperative agreements with the Bureau of Indian Affairs or the Bureau of Indian Education under the provisions of the Indian Self-Determination Act or the Tribal Self-Governance Act of 1994 (Public Law 103-413).

In the event any tribe returns appropriations made available by this Act to the Bureau of Indian Affairs or the Bureau of Indian Education, this action shall not diminish the Federal Government's trust responsibility to that tribe, or the government-to-government relationship between the United States and that tribe, or that tribe's ability to access future appropriations.

Notwithstanding any other provision of law, no funds available to the Bureau of Indian Education, other than the amounts provided herein for assistance to public schools under 25 U.S.C. 452 et seq., shall be available to support the operation of any elementary or secondary school in the State of Alaska.

No funds available to the Bureau of Indian Education shall be used to support expanded grades for any school or dormitory beyond the grade structure in place or approved by the Secretary of the Interior at each school in the Bureau of Indian Education school system as of October 1, 1995, except that the Secretary of the Interior may waive this prohibition to support expansion of up to one additional grade when the Secretary determines such waiver is needed to support accomplishment of the mission of the Bureau of Indian Education, or more than one grade to expand the elementary grade structure for Bureau-funded schools with a K-2 grade structure on October 1, 1996. Appropriations made available in this or any prior Act for schools funded by the Bureau shall be available, in accordance with the Bureau's funding formula, only to the schools in the Bureau school system as of September 1, 1996, and to any school or school program that was reinstated

in fiscal year 2012. Funds made available under this Act may not be used to establish a charter school at a Bureau-funded school (as that term is defined in section 1141 of the Education Amendments of 1978 (25 U.S.C. 2021)), except that a charter school that is in existence on the date of the enactment of this Act and that has operated at a Bureau-funded school before September 1, 1999, may continue to operate during that period, but only if the charter school pays to the Bureau a pro rata share of funds to reimburse the Bureau for the use of the real and personal property (including buses and vans), the funds of the charter school are kept separate and apart from Bureau funds, and the Bureau does not assume any obligation for charter school programs of the State in which the school is located if the charter school loses such funding. Employees of Bureau-funded schools sharing a campus with a charter school and performing functions related to the charter school's operation and employees of a charter school shall not be treated as Federal employees for purposes of chapter 171 of title 28, United States Code.

Notwithstanding any other provision of law, including section 113 of title I of appendix C of Public Law 106–113, if in fiscal year 2003 or 2004 a grantee received indirect and administrative costs pursuant to a distribution formula based on section 5(f) of Public Law 101–301, the Secretary shall continue to distribute indirect and administrative cost funds to such grantee using the section 5(f) distribution formula.

Funds available under this Act may not be used to establish satellite locations of schools in the Bureau school system as of September 1, 1996, except that the Secretary may waive this prohibition in order for an Indian tribe to provide language and cultural immersion educational programs for non-public schools located within the jurisdictional area of the tribal government which exclusively serve tribal members, do not include grades beyond those currently served at the existing Bureau-funded school, provide an educational environment with educator presence and academic facilities comparable to the Bureau-funded school, comply with all applicable Tribal, Federal, or State health and safety standards, and the Americans with Disabilities Act, and demonstrate the benefits of establishing operations at a satellite location in lieu of incurring extraordinary costs, such as for transportation or other impacts to students such as those caused by busing students extended distances: *Provided*, That no funds available under this Act may be used to fund operations, maintenance, rehabilitation, construction, or other facilities-related costs for such assets that are not owned by the Bureau: *Provided further*, That the term “satellite school” means a school location physically separated from the existing Bureau school by more than 50 miles but that forms part of the existing school in all other respects.

Funds made available for Tribal Priority Allocations within Operation of Indian Programs and Operation of Indian Education Programs may be used to execute requested adjustments in tribal priority allocations initiated by an Indian Tribe.

low-income and very low-income use restrictions if any, associated with one or more multifamily housing project or projects to another multifamily housing project or projects.

(b) PHASED TRANSFERS.—Transfers of project-based assistance under this section may be done in phases to accommodate the financing and other requirements related to rehabilitating or constructing the project or projects to which the assistance is transferred, to ensure that such project or projects meet the standards under subsection (c).

(8) If the transferring project meets the requirements of subsection (d)(2), the owner or mortgagor of the receiving project or projects shall execute and record either a continuation

of the existing use agreement or a new use agreement for the project where, in either case, any use restrictions in such agreement are of no lesser duration than the existing use restrictions.

SEC. 217. Payment of attorney fees in program-related litigation shall be paid from the individual program office and Office of General Counsel salaries and expenses appropriations.

SEC. 218. The Secretary is authorized to transfer up to 10 percent or \$5,000,000, whichever is less, of funds appropriated for any office under the headings “Administrative Support Offices” or “Program Offices” to any other such office under such headings: *Provided*, That no appropriation for any such office under such headings shall be increased or decreased by more than 10 percent or \$5,000,000, whichever is less, without prior written approval of the House and Senate Committees on Appropriations: *Provided further*, That the Secretary shall provide notification to such Committees 3 business days in advance of any such transfers under this section up to 10 percent or \$5,000,000, whichever is less.

(b) The Secretary shall take action under subsection (c) when a multifamily housing project with a contract under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f) or a contract for similar project-based assistance—

(1) receives a Uniform Physical Condition Standards (UPCS) score of 60 or less; or

(2) fails to certify in writing to the Secretary within 3 days that all Exigent Health and Safety deficiencies identified by the inspector at the project have been corrected.

Such requirements shall apply to insured and noninsured projects with assistance attached to the units under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f), but shall not apply to such units assisted under section 8(o)(13) of such Act (42 U.S.C. 1437f(o)(13)) or to public housing units assisted with capital or operating funds under section 9 of the United States Housing Act of 1937 (42 U.S.C. 1437g).

(c)(1) Within 15 days of the issuance of the Real Estate Assessment Center (“REAC”) inspection, the Secretary shall provide the owner with a Notice of Default with a specified timetable, determined by the Secretary, for correcting all deficiencies. The Secretary shall provide a copy of the Notice of Default to the tenants, the local government, any mortgagees, and any contract administrator. If the owner’s appeal results in a UPCS score of 60 or above, the Secretary may withdraw the Notice of Default.

(2) At the end of the time period for correcting all deficiencies specified in the Notice of Default, if the owner fails to fully correct such deficiencies, the Secretary may—

(A) require immediate replacement of project management with a management agent approved by the Secretary;

(C) abate the section 8 contract, including partial abatement, as determined by the Secretary, until all deficiencies have been corrected;

(D) pursue transfer of the project to an owner, approved by the Secretary under established procedures, who will be obligated to promptly make all required repairs and to accept renewal of the assistance contract if such renewal is offered;

(E) transfer the existing section 8 contract to another project or projects and owner or owners;

(F) pursue exclusionary sanctions, including suspensions or debarments from Federal programs;

(G) seek judicial appointment of a receiver to manage the property and cure all project deficiencies or seek a judicial order of specific performance requiring the owner to cure all project deficiencies;

(H) work with the owner, lender, or other related party to stabilize the property in an attempt to preserve the property through compliance, transfer of ownership, or an infusion of capital provided by a third-party that requires time to effectuate; or

(I) take any other regulatory or contractual remedies available as deemed necessary and appropriate by the Secretary.

(d) The Secretary shall take appropriate steps to ensure that project-based contracts remain in effect, subject to the exercise of contractual abatement remedies to assist relocation of tenants for major threats to health and safety after written notice to the affected tenants. To the extent the Secretary determines, in consultation with the tenants and the local government, that the property is not feasible for continued rental assistance payments under such section 8 or other programs, based on consideration of—

(1) the costs of rehabilitating and operating the property and all available Federal, State, and local resources, including rent adjustments under section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (“MAHRAA”); and

TITLE VII—ECONOMIC SECURITY FOR VICTIMS

SEC. 701. FINDINGS.

Congress finds the following:

(1) Over 1 in 3 women experience sexual violence, and 1 in 5 women have survived completed or attempted rape. Such violence has a devastating impact on women's physical and emotional health, financial security, and ability to maintain their jobs, and thus impacts interstate commerce and economic security.

(2) Homicide is one of the leading causes of death for women on the job. Domestic partners or relatives commit 43 percent of workplace homicides against women. One study found that intimate partner violence resulted in 142 homicides among women at work in the United States from 2003 to 2008, a figure which represents 22 percent of the 648 workplace homicides among women during the period. In fact, in 2010, homicides against women at work increased by 13 percent despite continuous declines in overall workplace homicides in recent years.

(3) Violence can have a dramatic impact on the survivor of such violence. Studies indicate that 44 percent of surveyed employed adults experienced the effect of domestic violence in the workplace, and 64 percent indicated their workplace performance was affected by such violence. Another recent survey found that 78 percent of offenders used workplace resources to express anger, check up on, pressure, or threaten a survivor. Sexual assault, whether occurring in or out of the workplace, can impair an employee's work performance, require time away from work, and undermine the employee's ability to maintain a job. Nearly 50 percent of sexual assault survivors lose their jobs or are forced to quit in the aftermath of the assaults.

(4) Studies find that 60 percent of single women lack economic security and 81 percent of households with single mothers live in economic insecurity. Significant barriers that survivors confront include access to housing, transportation, and child care. Ninety-two percent of homeless women have experienced domestic violence, and more than 50 percent of such women cite domestic violence as the direct cause for homelessness. Survivors are deprived of their autonomy, liberty, and security, and face tremendous threats to their health and safety.

(5) The Centers for Disease Control and Prevention report that survivors of severe intimate partner violence lose nearly 8,000,000 days of paid work, which is the equivalent of more than 32,000 full-time jobs and almost 5,600,000 days of household productivity each year. Therefore, women disproportionately need time off to care for their health or to find safety solutions, such as obtaining a restraining order or finding housing, to avoid or prevent further violence.

(6) Annual costs of intimate partner violence are estimated to be more than \$8,300,000,000. According to the Centers for Disease Control and Prevention, the costs of intimate partner violence against women in 1995 exceeded an estimated \$5,800,000,000. These costs included nearly \$4,100,000,000 in the direct costs of medical and mental health care and nearly \$1,800,000,000 in the indirect costs of lost productivity. These statistics are generally considered to be underestimated because the costs associated with the criminal justice system are not included.

(7) Fifty-five percent of senior executives recently surveyed said domestic violence has a harmful effect on their company's productivity, and more than 70 percent said domestic violence negatively affects attendance. Seventy-eight percent of human resources professionals consider partner violence a workplace issue. However, more than 70 percent of United States workplaces have no formal program or policy that addresses workplace violence, let alone domestic violence. In fact, only 4 percent of employers provided training on domestic violence.

(8) Harassment is a persistent and significant problem in the workplace in the United States, and the Equal Employment Opportunity Commission found that not less than 25 percent, and as many as 85 percent, of women surveyed report having experienced sexual harassment at work.

(9) For decades, survivors of sexual violence have come forward to seek justice and demand their right to be free from violence, harassment, and other forms of discrimination. These calls for change reached a tipping point after October 2017 as a result of Tarana Burke's work and #MeToo going viral. Thousands of courageous individuals, from Hollywood to the halls of Congress and the military, to restaurants, agricultural fields, and factory floors, shined a light on the pervasive and insidious nature of workplace harassment and sexual assault.

(10) Working people can be subjected to multiple forms of harassment in the workplace at the same time.

(11) According to the Equal Employment Opportunity Commission, approximately 3 out of 4 individuals who experience harassment never talked to a supervisor, manager, or union representative about the harassing conduct.

(12) The impact of domestic violence, dating violence, sexual assault, and stalking on the workplace is a part of the challenge of workplace harassment.

(13) Studies indicate that one of the best predictors of whether a survivor will be able to stay away from his or her abuser is the degree of his or her economic independence. However, domestic violence, dating violence, sexual assault, and stalking often negatively impact a survivor's ability to maintain employment.

(14) Abusers frequently seek to exert financial control over their partners by actively interfering with their ability to work, including preventing their partners from going to work, harassing their partners at work, limiting their partners' access to cash or transportation, and sabotaging their partners' child care arrangements.

(15) Economic abuse refers to behaviors that control an intimate partner's ability to acquire, use, and maintain access to money, credit, ownership of assets, or governmental or private financial benefits, including defaulting on joint obligations (such as school loans, credit card debt, mortgages, or rent). Other forms of such abuse may include preventing someone from attending school, threatening to or actually terminating employment, controlling or withholding access to cash, checking, or credit accounts, and attempting to damage or sabotage the creditworthiness of an intimate partner, including forcing an intimate partner to write bad checks, forcing an intimate partner to default on payments related to household needs, such as housing, or forcing an intimate partner into bankruptcy.

(16) This title aims to empower survivors of domestic violence, dating violence, sexual assault, or stalking to be free from violence, hardship, and control, which restrains basic human rights to freedom and safety in the United States.

 - (B) interagency cooperation;
 - (C) appropriate laws in place; and
 - (D) access to Federal law enforcement databases;

(14) Indian Tribes with restrictive settlement Acts, such as Indian Tribes in the State of Maine, and Indian Tribes located in States with concurrent authority to prosecute crimes in Indian country under the amendments made by the Act of August 15, 1953 (67 Stat. 590, chapter 506), face unique public safety challenges; and

Subtitle B—Alaska Tribal Public Safety Empowerment

SEC. 811. FINDINGS; PURPOSES.

(A) are overrepresented in the domestic violence victim population by 250 percent;

(B) in the State of Alaska, comprise—

(i) 19 percent of the population of the State; but

(ii) 47 percent of reported rape victims in the State;

and

(C) as compared to the populations of other Indian Tribes, suffer the highest rates of domestic and sexual violence;

(A) are often inaccessible by road; and

(B) have no local law enforcement presence;

(3) the Commission referred to in paragraph (1)—

(A) determined that the Alaska Department of Public Safety—

prosecute, and punish, and they should have the authority to do so or to work out voluntary agreements with each other, and with local governments and the State on mutually beneficial terms”; and

(b) PURPOSES.—The purposes of this subtitle are—

(1) to increase coordination and communication among Federal, State, Tribal, and local law enforcement agencies; and

TITLE XV—KEEPING CHILDREN SAFE FROM FAMILY VIOLENCE

SEC. 1501. SHORT TITLE.

This title may be cited as the “Keeping Children Safe From Family Violence Act” or “Kayden’s Law”.

SEC. 1502. FINDINGS.

Congress finds the following:

(1) Approximately 1 in 15 children is exposed to domestic violence each year.

(2) Most child abuse is perpetrated in the family and by a parent. Intimate partner violence and child abuse overlap in the same families at rates between 30 and 60 percent. A child’s risk of abuse increases after a perpetrator of intimate partner violence separates from a domestic partner, even when the perpetrator has not previously directly abused the child. Children who have witnessed intimate partner violence are approximately 4 times more likely to experience direct child maltreatment than children who have not witnessed intimate partner violence.

(3) More than 75 percent of child sexual abuse is perpetrated by a family member or a person known to the child. Data of the Department of Justice shows that family members are 49 percent, or almost half, of the perpetrators of crimes against child sex assault victims younger than 6 years of age.

(4) Research suggests a child’s exposure to a batterer is among the strongest indicators of risk of incest victimization.

One study found that female children with fathers who are batterers of their mothers were 6.5 times more likely to experience father-daughter incest than female children who do not have abusive fathers.

(5) Child abuse is a major public health issue in the United States. Total lifetime financial costs associated with just 1 year of confirmed cases of child maltreatment, including child physical abuse, sexual abuse, psychological abuse, and neglect, result in \$124,000,000,000 in annual costs to the economy of the United States, or approximately 1 percent of the gross domestic product of the United States.

(6) Empirical research indicates that courts regularly discount allegations of child physical and sexual abuse when those allegations are raised in child custody cases. Courts believed less than $\frac{1}{4}$ of claims that a father has committed child physical or sexual abuse. With respect to cases in which an allegedly abusive parent claimed the mother “alienated” the child, courts believed only 1 out of 51 claims of sexual molestation by a father. Independent research indicates that child sexual abuse allegations are credible between 50 and 70 percent of the time.

(7) Empirical research shows that alleged or known abusive parents are often granted custody or unprotected parenting time by courts. Approximately $\frac{1}{3}$ of parents alleged to have committed child abuse took primary custody from the protective parent reporting the abuse, placing children at ongoing risk.

(8) Researchers have documented nearly 800 child murders in the United States since 2008 committed by a divorcing or separating parent. More than 100 of these child murders are known to have occurred after a court ordered the child to have contact with the dangerous parent over the objection of a safe parent or caregiver.

(9) Scientifically unsound theories that treat abuse allegations of mothers as likely false attempts to undermine fathers are frequently applied in family court to minimize or deny reports of abuse of parents and children. Many experts who testify against abuse allegations lack expertise in the relevant type of alleged abuse, relying instead on unsound and unproven theories.

(10) Judges presiding over custody cases involving allegations of child abuse, child sexual abuse, and domestic violence are rarely required to receive training on these subjects, and most States have not established standards for such training.

SEC. 1503. PURPOSES.

The purposes of this title are to—

(1) increase the priority given to child safety in any State court divorce, separation, visitation, paternity, child support, civil protection order, or family custody court proceeding affecting the custody and care of children, excluding child protective, abuse, or neglect proceedings and juvenile justice proceedings;

(2) strengthen the abilities of courts to—

(A) recognize and adjudicate domestic violence and child abuse allegations based on valid, admissible evidence; and

(B) enter orders that protect and minimize the risk of harm to children; and

(3) ensure that professional personnel involved in cases containing domestic violence or child abuse allegations receive trauma-informed and culturally appropriate training on the dynamics, signs, and impact of domestic violence and child abuse, including child sexual abuse.

SEC. 1504. INCREASED FUNDING FOR STOP GRANTS.

a parent with whom the child is bonded or to whom the child is attached; and

“(v) any order to remediate the resistance of a child to have contact with a violent or abusive parent primarily addresses the behavior of that parent or the contributions of that parent to the resistance of the child before ordering the other parent of the child to take steps to potentially improve the relationship of the child with the parent with whom the child resists contact.

SEC. 825. NATIONAL INTELLIGENCE ESTIMATE ON ESCALATION AND DE-ESCALATION OF GRAY ZONE ACTIVITIES IN GREAT POWER COMPETITION.

(a) **FINDINGS.**—Congress finds the following:

(1) The conventional power of the United States has driven foreign adversaries to a level of competition that does not always depend on military confrontation with the United States.

(2) Rather than challenging the United States in a manner that could provoke a kinetic military response, foreign adversaries of the United States have turned to carrying out gray zone activities to advance the interests of such adversaries, weaken the power of the United States, and erode the norms that underpin the United States-led international order.

(3) Gray zone activity falls on a spectrum of attribution and deniability that ranges from covert adversary operations, to detectible covert adversary operations, to unattributable adversary operations, to deniable adversary operations, to open adversary operations.

(4) To adequately address such a shift to gray zone activity, the United States must understand what actions tend to either escalate or de-escalate such activity by its adversaries.

(5) The laws, principles, and values of the United States are strategic advantages in great power competition with authoritarian foreign adversaries that carry out gray zone activities, because such laws, principles, and values increase the appeal of the governance model of the United States, and the United States-led international order, to states and peoples around the world.

(6) The international security environment has demonstrated numerous examples of gray zone activities carried out by foreign adversaries, including the following activities of foreign adversaries:

(A) Information operations, such as efforts by Russia to influence the 2020 United States Federal elections (as described in the March 15, 2021, intelligence community assessment of the Office of the Director of National Intelligence made publicly available on March 15, 2021).

(B) Adversary political coercion operations, such as the wielding of energy by Russia, particularly in the context of Ukrainian gas pipelines, to coerce its neighbors into compliance with its policies.

(C) Adversary economic coercion operations, such as the threat, and use, by China of economic retaliation to coerce sovereign countries into compliance with its policies or to blunt any criticism of its violations of the rules-based international order and its perpetration of severe human rights abuses.

(D) Cyber operations, such as the use by China of cyber tools to conduct industrial espionage.

(E) Provision of support to proxy forces, such as the support provided by Iran to Hezbollah and Shia militia groups.

(F) Provocation by armed forces controlled by the government of the foreign adversary through measures that do not rise to the level of an armed attack, such as the use of the China Coast Guard and maritime militia by China to harass the fishing vessels of other countries in the South China Sea.

(G) Alleged uses of lethal force on foreign soil, such as the 2018 poisoning of Sergei Skripal in London by Russia.

(H) The potential use by an adversary of technology that causes anomalous health incidents among United States Government personnel.

(b) NATIONAL INTELLIGENCE ESTIMATE.—

(1) REQUIREMENT.—The Director of National Intelligence, acting through the National Intelligence Council, shall produce a National Intelligence Estimate on how foreign adversaries use gray zone activities to advance interests, what responses by the United States (or the allies or partners of the United States) would tend to result in the escalation or de-escalation of such gray zone activities by foreign adversaries, and any opportunities for the United States to minimize the extent to which foreign adversaries use gray zone activities in furtherance of great power competition.

(2) MATTERS INCLUDED.—To the extent determined appropriate by the National Intelligence Council, the National Intelligence Estimate produced under paragraph (1) may include an assessment of the following topics:

(A) Any potential or actual lethal or harmful gray zone activities carried out against the United States by foreign adversaries, including against United States Government employees and United States persons, whether located within or outside of the United States.

(B) To the extent such activities have occurred, or are predicted to occur—

(i) opportunities to reduce or deter any such activities; and

(ii) any actions of the United States Government that would tend to result in the escalation or de-escalation of such activities.

(C) Any incidents in which foreign adversaries could have used, but ultimately did not use, gray zone activities to advance the interests of such adversaries, including an assessment as to why the foreign adversary ultimately did not use gray zone activities.

(D) The effect of lowering the United States Government threshold for the public attribution of detectible covert adversary operations, unattributable adversary operations, and deniable adversary operations.

(E) The effect of lowering the United States Government threshold for responding to detectible covert adversary operations, unattributable adversary operations, and deniable adversary operations.

(F) The extent to which the governments of foreign adversaries exercise control over any proxies or parastate actors used by such governments in carrying out gray zone activities.

(G) The extent to which gray zone activities carried out by foreign adversaries affect the private sector of the United States.

(H) The international norms that provide the greatest deterrence to gray zone activities carried out by foreign adversaries, and opportunities for strengthening those norms.

(I) The effect, if any, of the strengthening of democratic governance abroad on the resilience of United States allies and partners to gray zone activities.

(J) Opportunities to strengthen the resilience of United States allies and partners to gray zone activities, and associated tactics, carried out by foreign adversaries.

(K) Opportunities for the United States to improve the detection of, and early warning for, such activities and tactics.

(L) Opportunities for the United States to galvanize international support in responding to such activities and tactics.

(3) SUBMISSION TO CONGRESS.—

(A) SUBMISSION.—Not later than 1 year after the date of the enactment of this Act, the Director shall submit to the congressional intelligence committees and the Committees on Armed Services of the House of Representatives and the Senate the National Intelligence Estimate produced under paragraph (1). In so submitting the Estimate to the congressional intelligence committees, the Director shall include all intelligence reporting underlying the Estimate.

(B) NOTICE REGARDING SUBMISSION.—If at any time before the deadline specified in subparagraph (A), the Director determines that the National Intelligence Estimate produced under paragraph (1) cannot be submitted by such deadline, the Director shall (before such deadline) submit to the committees specified in subparagraph (A) a report setting forth the reasons why the National Intelligence Estimate cannot be submitted by such deadline and an estimated date for the submission of the National Intelligence Estimate.

(C) FORM.—Any report under subparagraph (B) shall be submitted in unclassified form.

(4) PUBLIC VERSION.—Consistent with the protection of intelligence sources and methods, at the same time as the Director submits to the congressional intelligence committees and the Committees on Armed Services of the House of Representatives and the Senate the National Intelligence Estimate under paragraph (1), the Director shall make publicly available on the internet website of the Director an unclassified version of the key findings of the National Intelligence Estimate.

DIVISION Z—ISRAEL RELATIONS NORMALIZATION ACT OF 2022

SEC. 101. SHORT TITLE.

This division may be cited as the “Israel Relations Normalization Act of 2022”.

SEC. 102. FINDINGS.

Congress makes the following findings:

(1) Support for peace between Israel and its neighbors has longstanding bipartisan support in Congress.

(2) For decades, Congress has promoted Israel’s acceptance among Arab and other relevant countries and regions by passing numerous laws opposing efforts to boycott, isolate, and stigmatize America’s ally, Israel.

(3) The recent peace and normalization agreements between Israel and several Arab states—the United Arab Emirates, Bahrain, Sudan, and Morocco—have the potential to fundamentally transform the security, diplomatic, and economic environment in the Middle East and North Africa and advance vital United States national security interests.

(4) These historic agreements could help advance peace between and among Israel, the Arab states, and other relevant countries and regions, further diplomatic openings, and enhance efforts towards a negotiated solution to the Israeli-Palestinian conflict resulting in two states—a democratic Jewish state of Israel and a viable, democratic Palestinian state—living side by side in peace, security, and mutual recognition.

(5) These agreements build upon the decades-long leadership of the United States Government in helping Israel broker peace treaties with Egypt and Jordan and promoting peace talks between Israel and Syria, Lebanon, and the Palestinians.

(6) These agreements also build on decades of private diplomatic and security engagement between Israel and countries in the region.

(7) These normalization and peace agreements could begin to transform the region by spurring economic growth, investment, and tourism, enhancing technological innovation, promoting security cooperation, bolstering water security and sustainable development, advancing understanding, and forging closer people-to-people relations.

SEC. 103. APPROPRIATE CONGRESSIONAL COMMITTEES DEFINED.

In this division, the term “appropriate congressional committees” means the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives.

SEC. 104. STATEMENT OF POLICY.

It is the policy of the United States—

(1) to expand and strengthen the Abraham Accords to encourage other nations to normalize relations with Israel and ensure that existing agreements reap tangible security and economic benefits for the citizens of those countries;

(2) to develop and implement a regional strategy to encourage economic cooperation between and among Israel, Arab states, and the Palestinians to enhance the prospects for peace, respect for human rights, transparent governance, and for cooperation to address water scarcity, climate solutions, health care, sustainable development, and other areas that result in benefits for residents of those countries and regions;

(3) to develop and implement a regional security strategy that recognizes the shared threat posed by Iran and violent extremist organizations, ensures sufficient United States deterrence in the region, builds partner capacity to address shared threats, and explores multilateral security arrangements built around like-minded partners;

(4) to support and encourage government-to-government and grassroots initiatives aimed at normalizing ties with the state of Israel and promoting people-to-people contact between Israelis, Arabs, and residents of other relevant countries and regions, including by expanding and enhancing the Abraham Accords;

(5) to support a negotiated solution to the Israeli-Palestinian conflict resulting in two states living side by side in peace, security, and mutual recognition;

(6) to implement the Nita M. Lowey Middle East Partnership for Peace Act (title VIII of division K of Public Law 116–260), which will support economic development and peacebuilding efforts among Israelis and Palestinians, in a manner which encourages regional allies to become international donors to these efforts;

(7) to oppose efforts to delegitimize the state of Israel and legal barriers to normalization with Israel; and

(8) to work to combat anti-Semitism and support normalization with Israel, including by countering anti-Semitic narratives on social media and state media and pressing for curricula reform in education.

**SEC. 105. UNITED STATES STRATEGY TO STRENGTHEN AND EXPAND
THE ABRAHAM ACCORDS AND OTHER RELATED
NORMALIZATION AGREEMENTS WITH ISRAEL.**

(a) **IN GENERAL.**—Not later than 90 days after the date of the enactment of this Act, and annually thereafter, the Secretary of State, in consultation with the Administrator of the United States Agency for International Development and the heads of other appropriate Federal departments and agencies, shall develop and submit to the appropriate congressional committees a strategy on expanding and strengthening the Abraham Accords.

(b) **ELEMENTS.**—The strategy required under subsection (a) shall include the following elements:

(1) An assessment of future staffing and resourcing requirements of entities within the Department of State, the United States Agency for International Development, and other appropriate Federal departments and agencies with responsibility to coordinate United States efforts to expand and strengthen the Abraham Accords.

(2) An assessment of opportunities to further promote bilateral and multilateral cooperation between Israel, Arab states, and other relevant countries and in the economic, social, cultural, scientific, technical, educational, and health fields and an assessment of roadblocks to increased cooperation.

(3) An assessment of bilateral and multilateral security cooperation between Israel, the United States, Arab states, and other relevant countries and regions that have normalized relations with Israel, including an assessment of potential roadblocks to increased security cooperation, interoperability, and information sharing.

(4) An assessment of the likelihood of additional Arab and other relevant countries and regions to normalize relations with Israel.

(5) An assessment of opportunities created by normalization agreements with Israel to advance prospects for peace between Israelis and Palestinians

(6) A detailed description of how the United States Government will leverage diplomatic lines of effort and resources from other stakeholders (including from foreign governments, international donors, and multilateral institutions) to encourage normalization, economic development, and people-to-people programming.

(7) Identification of existing investment funds that support Israel-Arab state cooperation and recommendations for how such funds could be used to support normalization and increase prosperity for all relevant stakeholders.

(8) A proposal for how the United States Government and others can utilize the scholars and Arabic language resources of the United States Holocaust Museum to counter Holocaust denial and anti-Semitism.

(9) An assessment for creating an Abrahamic Center for Pluralism to prepare educational materials, convene international seminars, promote tolerance and pluralism, and bring together scholars as a means of advancing religious tolerance and countering political and religious extremism.

(10) Recommendations to improve Department of State cooperation and coordination, particularly between the Special Envoy to Monitor Anti-Semitism and the Ambassador at Large

for International Religious Freedom, and the Office of International Religious Freedom, to combat racism, xenophobia, Islamophobia, and anti-Semitism, which hinder improvement of relations between Israel, Arab states, and other relevant countries and regions.

(11) An assessment on the value and feasibility of Federal support for inter-parliamentary exchange programs for Members of Congress, Knesset, and parliamentarians from Arab and other relevant countries and regions, including through existing Federal programs that support such exchanges.

(c) FORM.—The report required under subsection (a) shall be in unclassified form but may contain a classified annex.

SEC. 106. BREAKING DOWN BARRIERS TO NORMALIZATION WITH ISRAEL.

(a) SHORT TITLE.—This section may be cited as the “Strengthening Reporting of Actions Taken Against the Normalization of Relations with Israel Act of 2022”.

(b) FINDINGS.—Congress makes the following findings:

(1) The Arab League, an organization comprising 22 Middle Eastern and African countries and entities, has maintained an official boycott of Israeli companies and Israeli-made goods since the founding of Israel in 1948.

(2) Longstanding United States policy has encouraged Arab League states to normalize their relations with Israel and has long prioritized funding cooperative programs that promote normalization between Arab League States and Israel, including the Middle East Regional Cooperation program, which promotes Arab-Israeli scientific cooperation.

(3) While some Arab League governments are signaling enhanced cooperation with the state of Israel on the government-to-government level, most continue to persecute their own citizens who establish people-to-people relations with Israelis in nongovernmental fora, through a combination of judicial and extrajudicial retribution.

(4) Some Arab League states maintain draconian anti-normalization laws that punish their citizens for people-to-people relations with Israelis, with punishments, including imprisonment, revocation of citizenship, and execution. Extrajudicial punishments by these and other Arab states include summary imprisonment, accusations of “treason” in government-controlled media, and professional blacklisting.

(5) Anti-normalization laws, together with the other forms of retribution, effectively condemn these societies to mutual estrangement and, by extension, reduce the possibility of conciliation and compromise.

(6) Former Israeli President Shimon Peres said in 2008 at the United Nations that Israel agrees with the Arab Peace Initiative that a military solution to the conflict “will not achieve peace or provide security for the parties”.

(7) Despite the risk of retaliatory action, a rising tide of Arab civic actors advocate direct engagement with Israeli citizens and residents. These include the Arab Council for Regional Integration, a group of 32 public figures from 15 Arab countries who oppose the boycott of Israel on the grounds that the boycott has denied Arabs the benefits of partnership with Israelis, has blocked Arabs from helping to bridge the

Israeli-Palestinian divide, and inspired divisive intra-Arab boycotts among diverse sects and ethnic groups.

(8) On February 11, 2020, a delegation of the Arab Council to the French National Assembly in Paris testified to the harmful effects of “anti-normalization laws”, called on the Assembly to enact a law instructing the relevant French authorities to issue an annual report on instances of Arab government retribution for any of their citizens or residents who call for peace with Israel or engage in direct civil relations with Israeli citizens, and requested democratic legislatures to help defend the region’s civil peacemakers.

(9) On May 11, 2020, 85 leaders in France published an endorsement of the Arab Council’s proposal, calling on France and other democratic governments to “protect Arabs who engage in dialogue with Israeli citizens” and proposing “the creation of a study group in the National Assembly as well as in the Senate whose mission would be to ensure a legal and technical monitoring of the obstacles which Arab proponents of dialogue with Israelis face”.

(10) Arab-Israeli cooperation provides significant symbiotic benefit to the security and economic prosperity of the region.

(c) ADDITIONAL REPORTING.—

(1) IN GENERAL.—Not later than 90 days after the date of the enactment of this Act, and annually thereafter for 5 years, the Secretary of State shall submit to the appropriate congressional committees a report on the status of efforts to promote normalization of relations with Israel and other countries .

(2) ELEMENTS.—The report required under paragraph (1) shall include the following information:

(A) The status of “anti-normalization laws” in countries comprising the Arab League, including efforts within each country to sharpen existing laws, enact new or additional “anti-normalization legislation”, or repeal such laws.

(B) Instances of the use of state-owned or state-operated media outlets to promote anti-Semitic propaganda, the prosecution of citizens or residents of Arab countries for calling for peace with Israel, visiting the state of Israel, or engaging Israeli citizens in any way.

(C) Instances of extrajudicial retribution by Arab governments or government-controlled institutions against citizens or residents of Arab countries for any of the same actions referred to in subparagraph (B).

SEC. 107. SUNSET.

This division shall cease to be effective on the date that is 5 years after the date of the enactment of this Act.
