EXAMPLE PROJECT

In FY2023, EDA awarded **\$742,180 in Economic Adjustment Assistance funds to support Wiregrass Georgia Technical College** with enhancing their truck driver training program by constructing an access road to support truck driver training workforce development in Fitzgerald, Georgia. The project work includes the construction of a paved access road and a concrete practice pad. The pad will be used for training such as parking skills, backing skills, truck inspections, disconnecting semitrailers, and other skills. The completion of the training will lead to a commercial truck driving license, endorsements, or certifications.

“The EDA grant has enabled us to support the advancement of our innovation ecosystem, exponentially, outpacing our own expectations on job growth.”

Brandon Branham, Curiosity Lab's Executive Director/CTO

The EDA data provided herein should be viewed as a snapshot of the data available at the time of the data request and are subject to any changes, or updates as reflected within future reports and data requests. This includes, but is not limited to, revisions to the number, dollar amount, program classification and estimated impacts of specific grant awards.

All data as of 2/23/2024; State totals are based on the location of the grantee; All dollar amounts rounded.

1 Applicant estimated at the time of award.

2 Projects may be counted multiple times across themes if they align to multiple themes.

3 Projects are identified as benefitting communities highly dependent on the coal industry, including those funded via the Assistance to Coal Communities program.

4 Becoming a Recompete Finalist provides an invitation to apply for the Phase 2 Notice of Funding Opportunity.
