Tech Hubs Strategy Development Grant	1

EXAMPLE PROJECT

In FY2022, **EDA invested $3,036,465 in American Rescue Plan Act (ARPA) – Indigenous Communities funds the Coeur d'Alene Tribe** to support the installation of a water supply system to replace defective water utilities infrastructure in the town of De Smet, Idaho. The Coeur d'Alene Reservation is located in the northern part of Idaho and the improved infrastructure will deliver a quality water supply that will create conditions that are economically favorable for the Plummer, Idaho region. The project work consists of replacing an aging and undersized water system infrastructure and water storage reservoirs.

"The goal of our business development center program is to get businesses rooted and establish a firm foundation for their companies. The facilities have been a blessing for the communities."
Rick Miller, a Project Manager with East-Central Idaho Planning & Development Association

The EDA data provided herein should be viewed as a snapshot of the data available at the time of the data request and are subject to any changes, or updates as reflected within future reports and data requests. This includes, but is not limited to, revisions to the number, dollar amount, program classification and estimated impacts of specific grant awards.

All data as of 2/23/2024; State totals are based on the location of the grantee; All dollar amounts rounded.
 1 Applicant estimated at the time of award.
 2 Projects may be counted multiple times across themes if they align to multiple themes.
 3 Tech Hubs designees are also eligible to apply for EDA's Tech Hubs Phase 2 Notice of Funding Opportunity.
