System Name: WebEOC

Preparer: Joe Schaefer

Office: 2890 Woodbridge Ave, Edison, NJ 08837

Date: 05/02/2019

Phone: 732-906-6920

Reason for Submittal: New PIA Revised PIA Annual Review Rescindment

This system is in the following life cycle stage(s):

Definition

Development/Acquisition

Implementation

Operation & Maintenance

Rescindment/Decommissioned

Note: New and Existing Systems require a PIA annually, when there is a significant modification to the system or where privacy risk has increased to the system. For examples of significant modifications, see OMB Circular A-130, Appendix 1, Section (c) (1) (a-f).

The PIA must describe the risk associated with that action. For assistance in applying privacy risk see OMB Circular No. A-123, Section VII (A) (pgs. 44-45).

Provide a general description/overview and purpose of the system:

WebEOC is an EPA Internet-based, Commercial Off-The-Shelf (COTS) application custom-designed to make information universally available to authorized EPA Emergency Operations Center (EOC) users everywhere. It manages the collection and dissemination of response information. When used effectively, it is a powerful tool to keep all members of an Emergency Operations Center (EOC) up to date with real-time information. WebEOC can be used during both the planning and response phase of an emergency. It can also be used for day-to-day activities to manage routine, non-emergency related operations. The real-time nature of information in WebEOC allows for timely, informed decisions.

Section 1.0 Authorities and Other Requirements

- 1.1 What specific legal authorities and/or Executive Order(s) permit and define the collection of information by the system in question?**
