### Thirty-eighth Conference

Rome, 15-22 June 2013

### PROGRAMME IMPLEMENTATION REPORT 2010-11

### Corrigendum

Para. 49 is amended as follows, with underscore indicating added text and strikethrough indicating text removed:

49. FAO missed, or did not yet report on, 29 of the 174 targets (17%), mainly as the result of changes in donor interests, competing priorities and ambitious targets. The four Objectives with the highest proportion of ~~missed~~ targets missed, or not yet reported, were:

- SO L (“*Increased and more effective public and private investment in agriculture and rural development*”), which reported meeting two out of 7 targets (29 percent); one target was missed and data for four indicators will only become available in the course of 2012. ~~it did not prove to be cost effective to collect the intended performance data on the other five indicators.~~
