**SUPPLEMENTARY INFORMATION:** Section 4062(e) of the Employee Retirement Income Security Act of 1974 (ERISA) imposes reporting obligations in the event of a "substantial cessation of operations." A substantial cessation of operations occurs when a permanent cessation at a facility causes a separation from employment of more than 15 percent of all "eligible employees." "Eligible employees" are employees eligible to participate in any of the facility's employer's employee

pension benefit plans. Following a substantial cessation of operations, the facility's employer is treated, with respect to its single-employer pension plans covered by title IV of ERISA that are covering participants at the facility, as if the employer were a withdrawing substantial employer under a multiple employer plan. Under section 4063(a) of ERISA, the Pension Benefit Guaranty Corporation (PBGC) must receive notice of the substantial cessation of operations and a request to determine the employer's resulting liability.

To fulfill such resulting liability, the employer may elect, under section 4062(e)(4)(A), to make additional contributions annually for seven years to plans covering participants at the facility where the substantial cessation of operations took place. Under sections 4062(e)(4)(E)(i)(I), (II), (III), (IV), and (V) respectively, an employer that is making the election for annual additional contributions must give notice to PBGC of: (1) Its decision to make the election, (2) its payment of an annual contribution, (3) its failure to pay an annual contribution, (4) its receipt of a funding waiver from the Internal Revenue Service, and (5) the ending of its obligation to make additional annual contributions.

PBGC is requesting that OMB extend approval of a form series, consisting of Form 4062(e)-01, Form 4062(e)-02, Form 4062(e)-03, and Form 4062(e)-04, that is used to fulfill these reporting obligations. An employer or a plan administrator files Form 4062(e)-01 to notify PBGC of the occurrence of a substantial cessation of operations and request a determination of the employer's liability. An employer files Form 4062(e)-02 to notify PBGC that it made the elections to pay annual additional contributions to a plan. An employer files Form 4062(e)-03 to notify PBGC that it paid an annual additional contribution, received a funding waiver from the Internal Revenue Service, or is no longer obligated to pay additional annual contributions. Finally, an employer files Form 4062(e)-04 to notify PBGC that it failed to pay an additional annual contribution to the plan.

PBGC needs the information requested in the forms and notification (1) to determine an employer's liability to a plan following a substantial cessation of operations and (2) to ensure that an employer that made the election of additional annual contributions is fulfilling its payment obligations.

The collection of information has been approved by OMB under control number 1212-0073 (expires August 31, 2022). PBGC intends to request that

OMB extend its approval for another three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that, over the next 3 years, 5 forms in this series will be submitted each year. PBGC estimates that these forms would be completed by a combination of plan office staff and outside professionals: Attorneys and actuaries. PBGC estimates a total annual hour burden of 38.5 hours. PBGC estimates a total annual cost burden of \$39,415.

PBGC is soliciting public comments to—

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

**SUPPLEMENTARY INFORMATION:** The Pension Benefit Guaranty Corporation (PBGC) is requesting that the Office of Management and Budget (OMB) extend approval, under the Paperwork Reduction Act, of a collection of information that filers use to request that PBGC determine whether a defined benefit pension plan is covered under title IV of the Employee Retirement Income Security Act of 1974 (ERISA). (OMB control number 1212-0072; expires June 30, 2022). This notice informs the public of PBGC's intent and solicits public comment on the collection of information.

A plan is covered under title IV, and thereby insured by PBGC, if it is described in section 4021(a) of ERISA and does not meet one of the exemptions from coverage listed in section 4021(b)(1)–(13). If a question arises about whether a plan is covered under title IV, a plan may submit the Request for Coverage Determination form to PBGC.

The Request for Coverage Determination form and corresponding

instructions are suitable for all types of requests, but they highlight the four plan types for which coverage determinations are most frequently requested: (1) Church plans as listed in section 4021(b)(3) of ERISA; (2) plans that are established and maintained exclusively for the benefit of plan sponsors' substantial owners as listed in section 4021(b)(9); (3) plans covering, since September 2, 1974, no more than 25 active participants that are established and maintained by professional services employers as listed in section 4021(b)(13); and (4) Puerto Rico-based plans within the meaning of section 1022(i)(1) of ERISA. PBGC needs the information requested to determine whether a plan is covered or not covered under title IV of ERISA.

PBGC intends to make editorial and formatting changes to question 1 and 2 of Part II of the form. These revisions are intended to provide greater clarity to filers. In addition, PBGC plans to add a new question to Part II inquiring about the number of eligible participants with no accrued benefit. This addition is intended to garner a more accurate count of a plan's participants. Finally, PBGC plans to amend Question 4 of Part III applicable to a plan seeking a determination as a substantial owners plan. Under the amendment, a plan will need to provide the dates when participants separated from service, in addition to dates and amounts of payment to them. This addition is intended to allow PBGC to properly count payees who may still be participants in a plan even after distributions have occurred.

The collection of information has been approved under OMB control number 1212-0072 (expires June 31, 2022). On March 1, 2022, PBGC published in the **Federal Register** (at 87 FR 11492) a notice informing the public of its intent to request approval of the revised collection of information. PBGC did not receive any comments. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that each year there will be 310 Request for Coverage Determination forms submitted to PBGC. PBGC further estimates the average hour burden is 1.5 hours and average cost burden is \$300. The total estimated annual burden of the collection of information is 465 hours and \$93,000
