II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, “Exemptions and Continued Regulatory Authority in Agreement States and in Offshore Waters Under Section 274 of the Atomic Energy Act of 1954.” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on February 4, 2022, 87 FR 6629.

1. *The title of the information collection:* “Exemptions and Continued Regulatory Authority in Agreement States and in Offshore Waters Under Section 274 of the Atomic Energy Act of 1954.”

2. *OMB approval number:* 3150–0032.

3. *Type of submission:* Extension.

4. *The form number, if applicable:* Not applicable.

5. *How often the collection is required or requested:* One-time or as needed.

6. *Who will be required or asked to respond:* Agreement States who have signed section 274(b) Agreements with the NRC.

7. *The estimated number of annual responses:* 8.

8. *The estimated number of annual respondents:* 8.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 190.

10. *Abstract:* The Nuclear Regulatory Commission (NRC) regulations in part 150 of title 10 of the *Code of Federal Regulations* (10 CFR), provide certain exemptions to persons in Agreement States from the licensing requirements contained in Chapters 6, 7, and 8 of the Atomic Energy Act of 1954, as amended, and certain regulations of the Commission. The regulations in 10 CFR part 150 also define the Commission’s continued regulatory authority over Agreement State activities which include byproduct, source, and special nuclear material reporting requirements related to reciprocity and enforcement. 10 CFR part 150 requires telephonic notification to the NRC when an Agreement State licensee identifies attempted theft or diversion of special nuclear material, byproduct material, and tritium. This notification must be followed by a written report either 15 or

60 days after the initial report, depending on the materials involved. If additional information is available after submission of the written report, an additional report is submitted. These reports are used to inform the Commission, staff, and other Federal agencies when special nuclear material, byproduct material, or tritium is lost or stolen.

Dated: July 11, 2022.

ACTION: Notice of request for extension of OMB approval of information collection.

SUPPLEMENTARY INFORMATION:

Section 4062(e) of the Employee Retirement Income Security Act of 1974 (ERISA) imposes reporting obligations in the event of a “substantial cessation of operations.” A substantial cessation of operations occurs when a permanent cessation at a facility causes a separation from employment of more than 15 percent of all “eligible employees.” “Eligible employees” are employees eligible to participate in any of the facility’s employer’s employee pension benefit plans. Following a substantial cessation of operations, the facility’s employer is treated, with respect to its single-employer pension plans covered by title IV of ERISA that are covering participants at the facility, as if the employer were a withdrawing substantial employer under a multiple employer plan. Under section 4063(a) of ERISA, the Pension Benefit Guaranty Corporation (PBGC) must receive notice of the substantial cessation of operations and a request to determine the employer’s resulting liability.

To fulfill such resulting liability, the employer may elect, under section 4062(e)(4)(A), to make additional contributions annually for seven years to plans covering participants at the facility where the substantial cessation of operations took place. Under sections

4062(e)(4)(E)(i)(I), (II), (III), (IV), and (V) respectively, an employer that is making the election for annual additional contributions must give notice to PBGC of: (1) its decision to make the election, (2) its payment of an annual contribution, (3) its failure to pay an annual contribution, (4) its receipt of a funding waiver from the Internal Revenue Service, and (5) the ending of its obligation to make additional annual contributions.

PBGC is requesting that OMB extend approval of a form series, consisting of Form 4062(e)–01, Form 4062(e)–02, Form 4062(e)–03, and Form 4062(e)–04, that is used to fulfill these reporting obligations. An employer or a plan administrator files Form 4062(e)–01 to notify PBGC of the occurrence of a substantial cessation of operations and request a determination of the employer’s liability. An employer files Form 4062(e)–02 to notify PBGC that it made the elections to pay annual additional contributions to a plan. An employer files Form 4062(e)–03 to notify PBGC that it paid an annual additional contribution, received a funding waiver from the Internal Revenue Service, or is no longer obligated to pay additional annual contributions. Finally, an employer files Form 4062(e)–04 to notify PBGC that it failed to pay an additional annual contribution to the plan.

PBGC needs the information requested in the forms and notification (1) to determine an employer’s liability to a plan following a substantial cessation of operations and (2) to ensure that an employer that made the election of additional annual contributions is fulfilling its payment obligations.

PBGC is proposing a modification to the wording of question 3 in Form 4062(e)–02 and adding an explanation to page 7 of the instructions. These modifications are intended for purposes of clarity, and they will not affect burden.

The collection of information has been approved by OMB under control number 1212–0073 (expires August 31, 2022). On May 9, 2022, PBGC published in the **Federal Register** (at 87 FR 27666) a notice informing the public of its intent to request an extension of this collection of information. No comments were received. PBGC is requesting that OMB extend its approval for another 3 years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that, over the next 3 years, 5 forms in this series will be submitted each year. PBGC estimates
