II. Discussion

On December 19, 2022, the NRC issued a **Federal Register** notice (87 FR 77643) detailing its intent to conduct an additional limited scoping process to gather information necessary to prepare a supplement to its EIS to evaluate the environmental impacts of SLR of Renewed Facility Operating License Nos. DPR–38, DPR–47, and DPR–55 for Oconee.

By letter dated June 7, 2021, Duke Energy Carolinas, LLC (Duke Energy, the applicant) submitted to the NRC an application for subsequent license renewal of Renewed Facility Operating License Nos. DPR–38, DPR–47, and DPR–55 for Oconee, Units 1, 2, and 3 (ADAMS Package Accession No. ML21158A193). Later, the NRC received Subsequent License Renewal—Appendix E Environmental Report Supplement 2 (ER Supplement), dated November 7, 2022 (ADAMS Accession No. ML22311A036), in response to NRC’s Memorandum and Order, CLI–22–03 (February 24, 2022) (ADAMS Accession No. ML22055A554). The NRC staff intends to prepare a Draft Supplemental Environmental Impact Statement (DSEIS) for Oconee subsequent license renewal. The subsequent renewed operating licenses would authorize the applicant to operate Oconee for an additional 20 years beyond the period specified in each of the current licenses.

The NRC is conducting an additional limited scoping process to gather information necessary to prepare a supplement to its EIS to evaluate the environmental impacts of SLR of the operating licenses for Oconee. The NRC is seeking public comment on the proper scope of the EIS supplement to be prepared for this action.

The public comment period was originally scheduled to close on January 18, 2023. The NRC has decided to extend the public comment period until February 2, 2023, to allow more time for members of the public to submit their comments. Comments of Federal, State, and local agencies, Indian Tribes or other interested persons will be made available for public inspection when received.

Dated: January 11, 2023.

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of request for extension of OMB approval of information collection.

SUMMARY: The Pension Benefit Guaranty Corporation (PBGC) is requesting that the Office of Management and Budget (OMB) extend approval, without modifications, under the Paperwork Reduction Act, of a collection of information contained in its regulation on Annual Financial and Actuarial Information Reporting. This notice informs the public of PBGC’s request and solicits public comment on the collection.

DATES: Comments must be submitted on or before February 16, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. All comments received will be posted without change to PBGC’s website, <http://www.pbgc.gov>, including any personal information provided. Do not submit comments that include any personally identifiable information or confidential business information.

A copy of the request will be posted on PBGC’s website at <https://www.pbgc.gov/prac/laws-and-regulation/federal-register-notices-open-for-comment>. It may also be obtained without charge by writing to the Disclosure Division of the Office of the General Counsel of PBGC, 445 12th Street SW, Washington, DC 20024–2101; or, calling 202–229–4040 during normal business hours. SUPPLEMENTARY INFORMATION: Section 4010 of the Employee Retirement Income Security Act of 1974 (ERISA) and PBGC's regulation on Annual Financial and Actuarial Information Reporting (29 CFR part 4010) require each member of a controlled group to submit financial and actuarial information to PBGC under certain circumstances. Section 4010 specifies that each controlled group member must provide PBGC with certain financial information, including audited (if available) or (if not) unaudited financial statements. Section 4010 also specifies that the controlled group must provide PBGC with certain actuarial information necessary to determine the liabilities and assets for all PBGC-covered plans.

PBGC's 4010 regulation specifies the items of identifying, financial, and actuarial information that filers must submit under section 4010, through PBGC's e-filing portal. Computer-assisted analysis of this information helps PBGC to anticipate possible major demands on the pension insurance system and to focus PBGC resources on situations that pose the greatest risks to that system. Because other sources of information are usually not as current as the section 4010 information and do not reflect a plan's termination liability, the section 4010 filing plays a major role in PBGC's ability to protect participant and premium-payer interests.

The collection of information has been approved under OMB control number 1212-0049 (expires March 31, 2023). On November 7, 2022, PBGC published in the **Federal Register** a notice at 87 FR 67078 informing the public of its intent to request an extension of this collection of information and solicited public comment. No comments were received. PBGC intends to request that OMB extend its approval, without modifications, for another 3 years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that 400 controlled groups will submit filings under part 4010 each year. The total estimated annual hourly and cost burdens of the

information collection are 800 hours and \$11,080,000.

Regulatory Affairs, Pension Benefit Guaranty
Corporation.*
