HACU was founded in 1986 by 18 higher education institutions and today represents more than 500 colleges and universities in the U.S., Puerto Rico, Latin America and Spain. ## Advocacy

HACU members have an advocate in Washington, D.C. HACU's advocacy efforts are a key component of our mission. Our nation's economic and social success rests on the Hispanic communities access to skills, knowledge and resources.

HACU has worked closely with members of Congress and higher education advocates to fight for increased funding for our member institutions. As a result, various agencies have made cumulative federal commitments to HSIs of almost \$5 billion.

### Highlights of advocacy efforts include:

- 1992 – Congress defines HSIs and authorizes dedicated funding
- 1995 – First actual appropriation of \$12 million for HSIs under Title III
- 1997 – First funding for USDA HSI Grants
- 2005 – \$95.1 million appropriated for HSIs under Title V
- 2007 – College Cost Reduction and Access Act sets aside \$200 million for HSIs
- 2008 – Hispanic-serving agricultural colleges and universities defined in Farm Bill
- 2009 – Part B added to Title V “Promoting Postbaccalaureate opportunities for Hispanic Americans” with \$20 million in funding
- 2010 – Title V appropriation breaks \$100 million; \$1 billion committed for 10 years for HSI STEM and articulation activities
- 2014 – Reauthorized Farm Bill adds grant program for Hispanic agricultural workers and youth
- 2018 – First time funding totaling \$30 million allocated for a National Science Foundation (NSF) grant program to support capacity building in undergraduate STEM education at HSIs
- 2019 – The Hispanic Educational Resources and Empowerment (HERE) Act is introduced to focus on collaboration and partnerships between HSIs and HSSDs

While federal funding to HSIs has increased since the designation was created, available funding has not kept up with the growth of Hispanic student enrollment. Visit [HACU.net](http://HACU.net) to view HACU's latest legislative agenda.
