**IAC Congratulates Secretary Tom Vilsack on his Nomination to Secretary of USDA**

December 11, 2020

On behalf of the Intertribal Agriculture Council, we'd like to congratulate Secretary Tom Vilsack on his nomination to serve as Secretary of Agriculture in the Biden-Harris Administration. Throughout his tenure, Secretary Vilsack has shown a strong commitment to tribal producers and tribal governments, including establishing the Office of Tribal Relations in the Office of the Secretary and updating USDA's tribal consultation policies. We look forward to building back better with Secretary Vilsack as we address the systemic, historical, and current challenges currently facing Indian Country agriculture.

Sincerely,

Zach Ducheneaux
