

Used Oil Filters

Did you know that Used Oil Filters are a Household Hazardous Material?

Unwanted Oil Filters should be taken to collection sites for recycling and reuse.

What can you do?

Recycle Used Oil Filters to:

- Conserve energy
- Reuse limited resources
- Protect Iowa's drinking and recreational waters

OIL FILTER RECYCLING LOCATION:

Contact your local Solid Waste Agency or Regional Collection Center to learn more about Household Hazardous Materials or visit

www.iowadnr/hhm

Consumer Education Brochures available upon request.
