

SUMMIT PROJECT GUIDELINES

HAVING TROUBLE GETTING STARTED?

Try these useful tips to
make a great project!

1

SUBJECT

What environmental topics
are you passionate about?

2

IMPORTANCE

Why should the
audience learn this?

3

WHAT DID YOU DO?

What research, designing, or
creating did you do?

4

RESULTS

What findings from your experiment or
research would you like to share? Ex:
Graphs, tables, images, or collected data

5

NEXT STEPS

What do you think could be done to follow up
on this research or experiment? Where would
you like to see this research go in the future?
