

Coast Survey's mission is to help ensure safe navigation for all vessels, regardless of size and purpose. We need your help in updating nautical charts so we can continue to provide mariners with accurate water depths and precise locations of structures.

Please complete this "Permit/Public Notice Status Report" and email it to ocs.ndb@noaa.gov by clicking the submit button below, or print and mail it to:

Department of Commerce, NOAA
Nautical Data Branch, N/CS26
1315 East-West Highway
Silver Spring, MD 20910 - 3282

We appreciate your assistance!

Please include any additional comments here after filling out the second page of this document:

Permit/Public Notice Status Report

Based upon a U.S. Army Corps of Engineers, District Permit or Public Notice issued to you, the United States Department of Commerce, National Ocean Service, requests your assistance to provide information for our nautical charting effort in the interest of safe navigation.

Permit/Public Notice #:
 Nautical Chart(s):

Date Issued:
 Waterway:

Summary of the structures or work authorized under the USACE Permit or Public Notice:

Please complete the following checklist (see **Special Instructions** below for more information):

Project Status:

- Complete ^[1] - Date Completed:
- Incomplete - Expected Completion Date:
- Not Started - Expected Start Date:
- Canceled, No Activity

Project Information:

- Was the project completed as permitted? ^[2]
- Did the project involve dredging? ^[3]
- Coordinate System and Horizontal Datum: ^[4]

Special Instructions:

[1, 2] **If construction is complete**, please provide AS-BUILT drawings with explicit geographic control, horizontal datum (NAD27 or NAD83), survey unit, survey date and any other relevant information. Digital data is preferred (.TXT or .XYZ format, .PDF files, CAD, GIS, etc.). If construction deviated from the permit, please provide a plan with the changes made or indicate what changed from the original plan.

[3] If the **project involved dredging**, please provide a dated copy of a signed after-dredge survey or controlling depth for the entire dredged area. Digital data is preferred (.TXT or .XYZ format, .PDF files, CAD, GIS, etc.).

[4] Please provide the **Geographic Coordinate System** used in the as-built drawings or after-dredge survey.

Please provide an e-mail address and a phone number where you may be reached during normal business hours.
