Subject: Re: Draft Report: Using STARS for ROC on LTO

Hi Vamsi,

I'm happy to review the document if Eric does not have time. What is the desired turnaround time?

Hi Eric and Miles,

Would one of you be able to quickly review this report? It doesn't have to be a detailed review; just needs to satisfy the center's requirements. Russ and Adam have done a very good job, and it is also going through USGS review. It can also be an expedited review: just needs to go to Steve for final comments.

Regards,
Vamsi
