

Dear Chairs and Faculty,

Last spring, **CourseLeaf** was launched to serve as our new curriculum information management software. **CourseLeaf replaces the previous platforms, eCurr and CourseDog, which are no longer operational.**

We are working hard this summer to fully customize CourseLeaf to meet UM's needs. All submissions and approvals for curriculum changes will be routed through the CourseLeaf system, including but not limited to:

- requests to plan (RTPs);
- Level I and II proposals;
- new and modified courses;
- program modifications; and
- GenEd proposals and renewals.

The fall curriculum deadline for submission to the Faculty Senate is **Friday, September 22, 2023** for most (not all) changes to be implemented in the Academic Year 24-25 Catalog. Look for detailed instructions in the curriculum memo which will be sent on August 21, the first day of Faculty Contracts.

We are confident that CourseLeaf will streamline these processes, enhancing collaboration and simplifying tasks.
