## 2024.2025 MAIN STAGE PRODUCTIONS

## SECOND SEASON

### FIRENZE

OCT 18-20, 7:30PM, OCT 20, 2:00PM  
Engineering Education & Research Building (EERB) Atrium

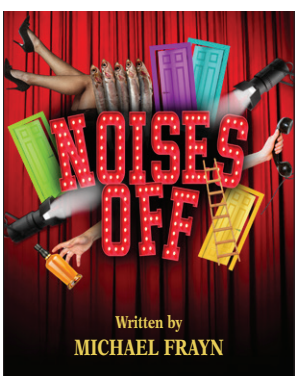

This original, evening-length choreographic work created by dance faculty Cat Kamrath Monson and featuring music by Florence + the Machine examines the female experience in mythology, history, and modernity through movement and storytelling. Set in the atrium of the Engineering Education & Research Building, FIRENZE immerses audiences in changing perspectives while viewing dance in non-traditional spaces.

### NEXT TO NORMAL

NOV 15-16 & NOV 21-23, 7:30PM, NOV 17, 2:00PM  
Buchanan Center for the Performing Arts Thrust Theatre

This emotional powerhouse of a musical follows a suburban mother as she struggles with bipolar disorder and fights to connect with the people she loves, and they with her. A runaway hit on Broadway—and Tony Award and Pulitzer Prize Winner—NEXT TO NORMAL is a profoundly human story of perseverance and hope. NEXT TO NORMAL is presented through special arrangement with Music Theatre International (MTI). All authorized performance materials are also supplied by MTI. ### NOISES OFF

APRIL 25-26, MAY 1-3, 7:30PM, APRIL 27, 2:00PM  
Buchanan Center for the Performing Arts Main Stage

Doors slam, sardines fly, and trousers drop in Michael Frayn's side-splitting British farce about a theatre company desperately trying to keep a production of a dud comedy afloat, despite the chaos backstage. An uproarious love letter to the theater, NOISES OFF is a peek behind the curtain—where everything that can go wrong, does! "Noises Off" is presented by arrangement with Concord Theatricals on behalf of Samuel French, Inc. [www.concordtheatricals.com](http://www.concordtheatricals.com)
