### **December 23, 2024** 3:10 AM

**National Weather Service** Huntsville, AL

# **Today thru Christmas Day**

- A gradual warm up will take place early to mid week, with highs climbing back into the upper 50s on Christmas Eve (Tuesday) and Christmas Day (Wednesday).
- A slow-moving front will bring medium chances (40-50%) for rain showers on Christmas Day.

## **Thursday through Sunday**

- A couple of fast-moving disturbances will bring medium chances for rain showers and a few thunderstorms on Friday and Friday night (30-50%), and again Saturday and Saturday night (40-60%).
- Mild temperatures continue through the end of the week, with high temperatures peaking in the low to mid 60s each day.
