				,

Large tree over one foot in diameter downed.

A well-organized complex of thunderstorms progressed from west to east across northern Illinois and northwest Indiana, bringing scattered wind damage to mainly areas along and south of the I-80 corridor. Some of the more pronounced wind damage occurred in Kankakee County based on reports. In addition, heavy rainfall occurred causing patchy minor flooding.

Water also reported up to the base of car doors in parking lots at Boughton and Janes Ave . Rains of over three inches were reported in under an hour. Southbound Rt 53 closed near 83rd St due to flooding. WINNEBAGO COUNTY --- 2.5 E CAMP GRANT [42.22, -89.03] 07/29/16 15:44 CST 0 Thunderstorm Wind (EG 50 kt) 07/29/16 15:44 CST 0 Source: Trained Spotter Large tree blown down on Linden Rd. Scattered thunderstorms quickly became numerous along the I-88 corridor on the early afternoon of Friday, July 29th. These were extremely slow moving, leading to large totals in a short amount of time. With antecedent wet conditions, this rainfall brought flash flooding to DeKalb, Kane, DuPage, and Cook Counties. Some of the flooding persisted into the day after. In addition, the DuPage River at Bolingbrook reached a top 10 crest in its ~20 year period of record. INDIANA, Northwest BENTON COUNTY --- FOWLER [40.62, -87.32] 07/07/16 18:40 EST 0 Funnel Cloud 07/07/16 18:40 EST 0 Source: Emergency Manager Benton County Emergency Manager relayed reports of funnel clouds, near and south of Boswell and south of Fowler. During the late afternoon of Thursday, July 7th, scattered storms developed across northern Illinois and slowly moved east-northeast. In addition, there were a handful of funnel cloud reports from the storms due to large scale rotation in the atmosphere.
