	08/20/11 09:08 CST		0	Source: Trained Spotter

Numerous six to twelve inch diameter tree limbs were blown down.

COOK COUNTY --- 0.8 SSW PALATINE [42.09, -88.06]

	08/20/11 09:27 CST		0.15M	Lightning
	08/20/11 09:27 CST		0	Source: Newspaper

A townhome was struck by lightning and was declared uninhabitable due to extensive smoke and water damage. Minor damage was reported to the two adjacent units.

DU PAGE COUNTY --- 0.3 SSE BUTTERFIELD [41.85, -88.03]

	08/20/11 10:00 CST		20K	Lightning
	08/20/11 10:00 CST		0	Source: Newspaper

Lightning was believed to have struck a healthcare facility on Finley Road in Lombard. Fire alarms didn't sound for approximately a half hour after the lightning strike is believed to have occurred. Damage was confined primarily to the roof.

A line of severe thunderstorms moved across far northern Illinois during the late morning and early afternoon of August 20th.

LA SALLE COUNTY --- 0.2 W OTTAWA [41.35, -88.85]

	08/23/11 06:30 CST		0	Lightning
	08/23/11 06:30 CST	1	0	Source: Newspaper

A man working near a window in his basement felt a "big jolt," as lightning struck near his house. He later found a natural gas line damaged by the lightning and while on the way to buy replacement parts, his right arm became numb. He stopped at fire station, who then transported him to a local hospital. He was not expected to have any long lasting injuries.

Storm Data and Unusual Weather Phenomena - August 2011

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
----------	-----------	-------------------	---------------------	------------------------

Strong storms moved across parts of northern Illinois during the morning hours of August 23rd.

INDIANA, Northwest

LAKE COUNTY --- 0.5 E (GYG)GARY MUNI ARPT [41.62, -87.41], 1.8 NE LIVERPOOL [41.57, -87.31]

08/02/11 21:39 CST	0	Thunderstorm Wind (MG 83 kt)
08/02/11 21:40 CST	0	Source: AWOS

The Gary Airport AWOS measured wind gusts to 67 mph. A 96-mph gust was measured on an airport tower anemometer about 50 feet above ground. Seals were blown out of northwest facing windows in the tower. An industrial sized trash bin was blown over 50 feet away. Airplane stairs with brakes applied were blown an estimated 800 feet, including 150 feet into the grass. Numerous trees were blown down around the tower and across the city of Gary including several large trees that were blocking roadways.

PORTER COUNTY --- 0.6 SSW DUNE ACRES [41.64, -87.08]

(IN-Z002) PORTER

08/28/11 16:00 CST	1	0	Rip Current
08/28/11 16:00 CST		0	

Direct Fatalities: M23IW

Strong rip currents developed during the afternoon hours of August 28th. Nine people attempted to go swimming at the Indiana Dunes State Park but the beach was closed due to the rip currents. The people walked west to an unguarded beach at the Indiana Dunes National Lakeshore. Around 400 pm CST, one of the nine people disappeared about 200 feet from shore. His body was recovered the next day.
