Interstate 290 was closed between Harlem Avenue and Mannheim Road with portions of the interstate covered with up to four feet of water. Multiple cars were stranded in the water before it closed. A portion of the far right eastbound lane buckled from the high water.

Thunderstorms trained over portions of northern Illinois including the Chicago Metro area for several hours during the evening of August 4th. The highest storm total rainfall reports came in at over four inches, including 4.45 inches near Berwyn and 4.12 inches near Westchester, both in Cook County.

Major flooding impacted portions of the souhtwest suburbs of Chicago.

Numerous streets were flooded and impassable with several feet of water in Burbank and Oak Lawn. Numerous cars stalled in the flooded streets and many basements were inundated with water. Multiple lanes and the shoulder was flooded and closed on I-294 at Route 171. Over three feet of water was reported in the viaduct at Kedzie Avenue and 79th Street where a fire truck stalled trying to pass through.
