**Agreement between the European Patent Office and the International Bureau of the World Intellectual Property Organization<sup>1</sup> – Amendment to Annex D**

The **European Patent Office (EPO)** has notified the International Bureau, in accordance with Article 11(2) of the above-mentioned Agreement, of an amendment to Part II of Annex D thereof. This amendment, which will enter into force on 1 April 2019, consists of a change in the reference contained in the footnote of Part II of Annex D, paragraph 3, as follows: OJ EPO 2019, A5.

The effect of this amendment is to change the conditions relating to the refund of the search fee, where the EPO (acting as International Searching Authority) benefits from the results of an earlier search prepared by it on an application the priority of which is claimed in the international application. In particular, a full or partial refund of the international search fee paid for a pending international application is now applicable where the international search report is based on an earlier search made on behalf of the United Kingdom on a national application filed as of 1 July 2018.

**NOTE PREPARED BY THE INTERNATIONAL BUREAU**

Following consultation with interested Offices and Authorities, pursuant to PCT Rule 89.2(b) and in accordance with the procedures set out in section 2.5 of Annex F of the Administrative Instructions under the PCT, modifications to section 3.6 of Appendix I of Annex F are promulgated with effect from 1 April 2019.

These modifications involve changes to the Document Type Definitions (DTDs) for the PCT fee calculation sheet, the PCT fee calculation sheet (Chapter II), and the PCT Demand. The purpose of these modifications is:

- to enable automated reimbursement procedures at a Receiving Office, International Searching Authority and International Preliminary Examining Authority using reimbursement information provided at the time of filing an international application;
- to allow an applicant/agent the option to indicate a (different) deposit account for reimbursements, independent from the payment method indicated; and
- to indicate the expiry of the postponement of the start of the international preliminary examination.

(d) Where any document cited in the international search report is a document whose publication date occurred earlier than the international filing date of the international application, but later than the priority date claimed in that application, it shall be indicated by the letter “P” next to the citation of the document. ## ERRONEOUSLY FILED ELEMENTS AND PARTS: NOTIFICATION BY RECEIVING OFFICES OF INCOMPATIBILITY UNDER PCT RULES 20.8(A-BIS) AND (B-BIS)

During its fifty-first (22<sup>nd</sup> ordinary) session, held in Geneva from 30 September to 9 October 2019, the Assembly of the International Patent Cooperation Union (PCT Union) unanimously adopted, among others, new Rule 20.5bis<sup>2</sup> of the PCT Regulations concerning erroneously filed elements and parts of international applications, as well as Rules 20.8(a-bis) and 20.8(b-bis), concerning incompatibility of Rules 20.5bis(a)(ii)<sup>3</sup> and 20.5bis(d)<sup>4</sup> with the national laws applied by receiving Offices. These new Rules, among others, will enter into force on 1 July 2020.

---

<sup>2</sup> The complete text of Rule 20.5bis is reproduced in Annex III of document number PCT/A/51/2, which is available online at: [https://www.wipo.int/edocs/mdocs/govbody/en/pct\\_a\\_51/pct\\_a\\_51\\_2.pdf](https://www.wipo.int/edocs/mdocs/govbody/en/pct_a_51/pct_a_51_2.pdf).

<sup>3</sup> New Rule 20.5bis(a)(ii) states: "Where, in determining whether the papers purporting to be an international application fulfil the requirements of Article 11(1), the receiving Office finds that an entire element referred to in Article 11(1)(iii)(d) or (e) has or appears to have been erroneously filed, or that a part of the description, claims or drawings has or appears to have been erroneously filed, including the case where all drawings have or appear to have been erroneously filed ("erroneously filed element or part"), it shall promptly invite the applicant, at the applicant's option to confirm, in accordance with Rule 20.6(a), that the correct element or part was incorporated by reference under Rule 4.18 and to make observations, if any, within the applicable time limit under Rule 20.7. If that time limit expires after the expiration of 12 months from the filing date of any application whose priority is claimed, the receiving Office shall call that circumstance to the attention of the applicant."

<sup>4</sup> New Rule 20.5bis(d) states: "Where, following an invitation under paragraph (a) or otherwise, a correct element or part is, under Rule 20.6(b), considered to have been contained in the purported international application on the date on which one or more elements referred to in Article 11(1)(iii) were first received by the receiving Office, the erroneously filed element or part concerned shall remain in the application, and the receiving Office shall accord as the international filing date the date on which all of the requirements of Article 11(1) are fulfilled and proceed as provided in Rule 20.2(b) and (c) and as provided for in the Administrative Instructions."

New Rule 20.8(a-*bis*) states: “If, on October 9, 2019, any of Rules 20.5*bis*(a)(ii) and (d) are not compatible with the national law applied by the receiving Office, the Rules concerned shall not apply to an international application filed with that receiving Office for as long as they continue not to be compatible with that law, provided that the said Office informs the International Bureau accordingly by April 9, 2020. The information received shall be promptly published by the International Bureau in the Gazette.”

New Rule 20.8(b-*bis*) states: “If, on October 9, 2019, any of Rules 20.5*bis*(a)(ii) and (d) are not compatible with the national law applied by the designated Office, the Rules concerned shall not apply in respect of that Office in relation to an international application in respect of which the acts referred to in Article 22 have been performed before that Office for as long as they continue not to be compatible with that law, provided that the said Office informs the International Bureau accordingly by April 9, 2020.
